Muhammad Arbaz

Aspiring MERN Stack developer looking for an internship to gain hands-on experience and grow my skills. Comfortable working with React, Node.js, Express, and MongoDB. Eager to learn, build real-world projects, and become a valuable part of a development team.

Experience

[Oct - Nov 2024]

Hybrid Frontend Developer Intern
 (Social Swirl)

[Dec 2024 - May 2025]

Customer Support Representative
(MindBridge)

Projects

- **Jobs & Courses Portal:**

Jobs and courses portal with an admin dashboard, allowing admins to add, remove, and edit jobs and courses.

- **Password Manager:**

Developed a password manager with two methods: one stores passwords in local storage, and the other utilizes the MERN stack.

- **Shopping Cart:**

A MERN stack shopping cart app for browsing products, adding to cart, with secure authorization.

- **URL-Shortener:**

Developed a URL Shortener to create, manage, and delete short URLs. Features include user-friendly interface and secure backend processing.

- **E-commerce Platform**

Developed a MERN e-commerce platform with admin capabilities to manage shopping items.
